Water Use Restrictions Reported to NHDES

Last Updated: November 4, 2020

The map and below table includes a list of municipalities and/or public community water systems that have reported to NHDES the implementation of voluntary or mandatory outdoor water use restrictions. For details regarding the specifics of the restrictions, please contact the entity listed in the table directly.

The list will be updated each Thursday for as long as drought conditions exist. Restrictions submitted to NHDES before Wednesday at 9 a.m. will be included in the release of the list the following day. Restrictions will remain on the list until NHDES is notified of the restriction removal. To add, remove, or change the status of a restriction, please fill out the electronic [Restrictions List Form](#).
